NAUTILUS

Angled Leg Press Pro

The Nautilus Angled Leg Press is an essential tool for enhancing lower body strength and muscle definition, offering a targeted and controlled workout for the glutes, quadriceps, hamstrings, and calves. Designed with a 45-degree angle, it ensures optimal biomechanics for progressive overload while minimizing joint strain, making it perfect for leg day circuits. Key features include an adjustable back support angle, a 1,260 lb max load capacity, an enlarged footplate for stability, and two start positions to enhance range of motion. Built for both safety and performance, it's a versatile addition to any fitness facility.
