

NAUTILUS[®] INSPIRATION

The Nautilus Inspiration Pec Fly/Rear Deltoid is a dual machine that focuses on the chest and rear delts, offering unilateral and bilateral movements with dual grip positions—supinated and pronated. Multiple pre-stretch options accommodate diverse users, ensuring an effective and tailored workout.

The Inspiration Pec Fly provides targeted pec activation that sculps the chest through its full range of motion. Flip to the Inspiration Rear Deltoid to target the posterior delts and upper back. This dual selectorized machine makes for the perfect superset that rounds out a seamless strength circuit.

PEC FLY/ REAR DELTOID IPPF5

W	58 IN (147 CM)
L	46 IN (117 CM)
H	80 IN (203 CM)
STACK WEIGHT	240 LB (109 KG)
OVERALL WEIGHT	706 LB (320 KG)
SHIPPING WEIGHT	798 LB (362 KG)

LOCK N LOAD WEIGHT SELECTION

Selecting a weight with the intuitive Lock N Load design is as easy as flicking a switch. Universally color coded switches engage and disengage the weight via an internal pin, providing a safer, more durable and maintenance free operation. Lock N Load prevents unnecessary maintenance headaches since there are no pins to lose or replace.

SMART TOWER DESIGN

The beautifully designed Nautilus Inspiration line, with their uniform 64" (163 cm) towers, deliver superior lines of site across your venue and create a visually powerful impression during facility tours. The tower housing is designed to accommodate custom graphics and wraps to personalize the equipment in your facility.
