

## P82 Touchscreen Console

In this digital world, entertainment and information are powerful tools for creating an engaging experience in the cardio area, one that can set a fitness facility apart, boosting attraction of new and retention of existing members. It's time to elevate your cardio area beyond simply providing a personal television viewing screen for your exercisers.

The premium P82 touchscreen console, available on Precor Experience™ Series 700 and 800 Line cardio equipment, offers you a direct-to-exerciser communication portal allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.

The P82 will hook the exerciser through an alluring workout experience that rivals the latest touchscreen technologies. The bright and brilliant 15-in (38.1 cm) touchscreen delivers a modern-day experience perfectly suited for exercisers who expect the best combination of easy-to-use software, workout features, and engaging media options that they have come to enjoy from their personal technology devices.

The P82 is designed to be the ideal portal to Preva® networked fitness, providing exercisers a personalized and compelling workout experience that can be tracked, saved, and re-accessed. Preva also provides you with powerful tools that increase attraction, improve retention, drive revenue, and optimize your cardio equipment management.

# P82 Touchscreen Console

The clean and proven design of the console makes it easy for exercisers, whether new to Precor or familiar, to start, control their workout, be entertained, stay engaged, and achieve results. In addition, the P82 design allows exercisers to keep their head, neck and shoulders in an upright and natural position, making their exercise experience more comfortable and effective.

## Product Features

- 1. Personalized Viewing with Remarkable Clarity**  
Exercisers' proximity to the high quality screen gives them crisp clarity and personalized viewing they expect from their home entertainment system.
- 2. Supports Media Technologies Around the World**  
Connecting standard media systems, cable/satellite receivers, Pro:Idiom, and IPTV has never been easier. The P82 is designed with today's media technologies in mind.
- 3. Optimized for Use During Workouts**  
The 15-in (38.1 cm) screen, as well as the large and responsive motion controls located beneath the touchscreen, enable exercisers to make alterations to their workout and media experience easily.
- 4. Consistent Appearance Across the Cardio Floor**  
Precor consoles maintain a consistent, proven silhouette to ensure a clean appearance across the cardio floor.
- 5. A Platform Solution for Now and the Future**  
All networked P82 consoles receive automatic software updates, refreshed content, and new features without any action or expense on your part.
- 6. Tested for Durability and Reliability**  
Thousands of hours of hardware and software testing conducted internally and in facilities ensures you won't disappoint your cardio exercisers.
- 7. Integrated Asset Management**  
Save time and effort with easy-to-access diagnostics and usage information through integrated asset management.
