

VIRTUAL BIKE

The Star Trac Virtual Bike combines the stateof-the-art commercial grade group cycle with a 21" touchscreen display to create the ultimate cycling workout experience.

The Virtual Bike is purpose-built to withstand the rigors of a commercial cardio floor and meet the needs of non-staffed vertical market spaces such as hospitality and multi-housing.

CONTENT

We have partnered with Intelligent Cycling to provide a wide range of training options and content including:

- Instructor-led rides
- Scenic journeys
- Virtual worlds
- Includes professionally designed training programs.
- Content will be regularly added to and refreshed.
- Connect via WiFi or ethernet
- No subscription required

OTHER KEY FEATURES

- Automatic software updates and upgrades! New content, partners, and features will be added as they are integrated into the offering.
- Tap to pair with Apple GymKit and Samsung Galaxy Watch.
- Users can create login to save personal profile and workout data.
- Ability to access Apps including Netflix.
- Connect cycling Apps such as Zwift, Sufferfest, Rouvy, and Trainer Road.
- HDMI screen mirroring see your connected App on the big screen!

Rooted in cardio, Star Trac has grown to innovate products that keep people moving and create lifelong health and fitness habits. As we focus on intuitive designs and reliability, we go the distance to provide fitness solutions for the best workout experiences. With dynamic technology and OpenHub connectivity, Star Trac offerings complement all fitness programs. To learn more, visit corehealthandfitness.com/startrac
